

Ways to conserve water

How do you Conserve Water

- There are many ways to conserve water
- Install low flow shower heads and toilets
- Turn off water when brushing your teeth
- Take short showers
- An average shower uses 17.2

Why do we need to conserve water

- Water is one of the most need resources to live
- Every individual depends on water

How do we waste water and don't even know it

- Water is used to make almost everything
 - It takes 713 gallons of water to grow the cotton used on a single t-shirt
 - It takes 2,000 gallons of water for a single pair of jeans
 - A pair of shoes uses up to 2,257 gallons of water
